Thanks Kimberly. You helped me identify the VM problem and I just heard your message. Since this is literally my first week in the new job (and I had to travel) and also the first week for our new IRIS Director, can I get with my staff on my calendar and priority commitments and get back to you? With the transition related events, next week is also somewhat of a distressed week, but I will get back to you as soon as possible over the next few days.

Tina

Dear Tina:

Happy new year. Perhaps, I had the wrong number, I left the voicemail on the following number: 202-564-0428, apologies if it didn't make it to the right voicemail box.

For the February meeting, if February 10<sup>th</sup> doesn't work would February 9<sup>th</sup> or some other date work instead. We can work to adjust the date to meet your availability.

Kind Regards,

Hi Kimberly,

I am sorry I have been out of the office on travel – where did you leave a VM, because I have not received it. I have a prior commitment to an all-day meeting on the 10<sup>th</sup>, so I am not available, but let me see if I can line up others to meet with you.

Thanks,  
Tina

Dear Tina:

Congratulations on your recent appointment to NCEA Director. In follow-up to my voicemail on Monday, I would like to extend an invitation to you to meet on February 10<sup>th</sup> to discuss the formaldehyde IRIS assessment and recent science. If there is a time that is convenient, I would be happy to give you a call to discuss further.

Kind Regards,
